

Primary School Preparation (PSP)

- At MEGA's Primary School Preparation Program, we provide a safe and caring learning environment, helping each student achieve their full potential.
- We use a wide variety of teaching techniques to inspire the active young learner. We are committed to meeting the needs of all our students.
- Our young learners will develop the knowledge and skills necessary to be able to transition successfully linguistically and culturally into all Australian Primary schools. We have small classes led by our team of experienced and energetic teachers, to support students into a smooth transition into Australian Primary schools.
- Our program is based on the subjects that young learners study in the Australian Primary school system, with a special focus on the English language. Students will be involved in all types of exciting and fun learning activities, their progress carefully monitored by our teachers.
